

# Thermo Ash Decking

- ★ *Thermo-Treated Premium Grade Ash*
- ★ *100% Green*
- ★ *25-year Durability Warranty*
- ★ *All Four-Sides Factory Oiled*
- ★ *Low Maintenance*
- ★ *Made In The USA*

# Thermo Ash Decking Features:

- The product is naturally durable on molecular level for at least 25 years due to our thermo-treatment process;
- 100% Green – no chemicals added;
- Dimensional stability increased 5-10 times;
- Decks require less maintenance;
- Dramatically reduced warping and cracking;
- Light in weight (3 – 3.5 lbs/SF);
- Janka Hardness – 1,300 Lb.
- Reduced combustibility (Class B fire rating);
- Exotic brown color in all depth of the wood;
- Improved resistance to termites;
- Grown and made in the USA.

## Four-Sides Factory Oiling Advantages:

- Makes product ready to use;
- Prevents fading of color under sunlight;
- Prevents seasonal surface checking;
- Makes wood grain sound and attractive;
- Our FOUR sides factory oiling saves money on surface oiling on-site;
- Oiling of the backside is extremely important to increase the lifetime and performance of decking.

## Compare Thermo Ash Decks to the other decking products:

Product	Durability	Stability	"Green"	Appearance	Price	Total
Pressure-Treated Pine	●●	○○○	○○○	○○○	●●●	-4
Exotic Wood	●●	○○	●●●	●●	○○	+3
Composite	●●	●●●	○	○	●●	+5
<b>Thermo-Treated Ash</b>	<b>●●●</b>	<b>●●●</b>	<b>●●●</b>	<b>●●●</b>	<b>●●</b>	<b>+14</b>

- **Versus pressure-treated softwood**, Thermo Ash Decking is 100% Green, and doesn't crack, shrink and swell like pressure-treated lumber. Over its lifetime it costs 3-4 times less.
- **Versus exotic woods**, Thermo Ash Decking is lighter in weight, more stable, and much easier to work with.
- **Versus composite**, Thermo Ash Decking is real wood and doesn't overheat under sunlight.
